

## Our tours

All our tours are tailor-made and are developed around where in the world your ancestors came from, how many locations will be visited, how much research is needed, the duration of the tour and the number of people travelling. Due to the nature of ancestral research, our findings apply to more than one family member, and as such our prices are quoted per tour rather than per head.

## A gift for a loved one

Many of our clients enlist our service as a once in a lifetime gift for a loved one. During the tour we make sure every effort is made to deliver something truly wonderful and memorable for the person receiving the gift, whether it's their favourite flowers by the bed in their hotel, or a filmed documentary of their ancestral experience to share with family members.

We are also able to provide Ancestral Footsteps gift certificates.

## Research duration

When booking a tour please allow from 4 to 6 months (from booking date to actual travel) for ancestry in Western Europe, and from 6 to 8 months for ancestry outside Western Europe. This is to allow for the months of intensive research and setting up of the tour before you depart. Prior to your tour our team 'recce' your trip to ensure that everything is perfect for your experience.

## Length of tour

Any number of days are available, however we suggest a 3 to 4 day tour for one branch of your tree and 5 to 7 days for a tour into your whole tree.
